

The K-LOVE radio station serves our local community by providing family programming. It also serves to relay important information about upcoming family events that other radio stations do not cover or promote. It has also rallied the community to become more involved in social issues and in helping the needy and less fortunate. It promotes good social and moral values.

If K-LOVE were displaced in this community by an LPFM broadcaster the progress that has been made in helping others, promoting good social values and uniting the community would be greatly decreased, because K-LOVE provides such a unique service that is not filled by any other radio stations in this community. That is why I believe that K-LOVE provides a service that is in the best of the public interest for this community. Promotion of sound and good social and moral values should have just as much time on the airwaves as other issues and it improves the community as a whole.
